 - Less than 5,000 sq. ft.
 - Greater than 5,000 sq. ft.
- Detail/Accessory Structure
- Paper Architecture / Unbuilt Project

Category Descriptions

Commercial Architecture (New Construction & Substantial Renovation)

Projects submitted in this category will include Commercial, Educational, Multifamily, Housing, Institutional, or Faith-based Architecture. Renovations and addition projects are eligible, but project scope must be clearly and accurately presented through graphics and written descriptions.

Residential (Category One- Less than 5,000 sq. ft., Category Two- More than 5,000 sq. ft.)

Projects submitted in this category include single family residential projects or multi-family projects of no more than (4) units. Larger multi-family projects will be categorized under New Construction / Substantial Renovation. Renovation and addition projects are eligible, but project scope must be clearly and accurately presented through graphics and written descriptions. This year we will award two sub-categories within the Residential overall. One award for homes less than 5,000 sq. ft. and one award for homes greater than 5,000 sq. ft.

Detail/Accessory Structure

Projects submitted in this category include a variety of project types, but should consist of a specific detail, unique use of material, or small accessory structure (less than 500 sq. ft.) created by architects. This award is looking for creativity at a micro scale whether a small component of a given space, or a small feature of a larger project.

Paper Architecture/Unbuilt Project

Projects submitted in this category include any unbuilt project. Competition entries are acceptable and encouraged.

*The Jurors reserve the right to eliminate or combine categories if the minimum of 3 entries are not met. If the category that you have submitted for is eliminated, we will contact you with the option to be placed in another category, or a full refund can be issued.
